Product description: Pea starch is obtained after dry method processing of pea seed. The starch is pelletized into pellets.

Country of origin: Norway

Ingredients: Pea starch

Packaging: Bulk, Big Bag, Bag

Analytical characteristics:	Chemical analyses	Minimum	Target	Maximum
		Limit (%)	(%)	Limit (%)
	Crude Protein	14	15	17
	Starch	53	56	59
	Crude Fat	1	2	4
	Moisture	9	10	14
	Crude Fiber	1.5	2	3
	Crude Ash	1	2.5	4
	Rest Carbohydrates	4	10	17

The rest carbohydrates as mainly simple sugars and non-starch polysaccharides

Bacteriological analyses Value
 Salmonella Negative in 25 g

Sensory requirements: Appearance: Pellets
 Color: Creamy light yellow
 Odor: Typical of pea

Storage requirements: The product should be stored in a dark, cool and dry place. Under appropriate conditions shelf life is 24 months.

Legal requirements: The product is produced in accordance with EU regulation.
 International Quality Ingredients is a registered establishment under 018122 (EU No 183/2005) and NL 207482 (EU No 1069/2009).
 International Quality Ingredients is certified according to the standard of GMP+ Feed Certification scheme, module GMP+ FSA.

Restriction in usage: Pet food raw material not suitable for human consumption

certified petfood ingredients

- 1. Chemical product and company identification:** Pea starch, pellet
- 2. Composition / information on ingredients:** Starch fraction, obtained after dry method processing of pea seed.
- 3. Hazard identification:** Non dangerous product for human, animal or environment
- 4. First aid measures:**
- | | |
|--------------|--|
| Eye contact: | Rinse opened eye for at least 15 minutes under running water, lifting lower and upper eyelids occasionally. Seek medical attention if irritation persists or infection develops. |
| Skin: | Wash with soap and water. Seek medical attention if irritation or infection develops. |
| Inhalation: | If inhaled, supply fresh air or oxygen. Seek medical attention if breathing becomes labored or difficult. |
| Ingestion: | If swallowed, seek medical attention if symptoms occur. |
- 5. Fire-fighting measures:**
- | | |
|---------------------------|--|
| Extinguishing media: | Use CO2, ABC multipurpose dry chemical, or water spray. |
| Protection Fire Fighting: | In case of fire wear self-contained breathing apparatus. |
- 6. Accidental release measures:**
- | | |
|----------------------------|---|
| Personal precautions: | None. |
| Environmental precautions: | Keep away from aquatic environment. |
| Methods for cleaning up: | Collect in dry mechanically state for normal disposal |
- 7. Handling and storage:**
- | | |
|-----------|---|
| Storage: | The product should be stored in a dark, cool and dry place away from strong odors. |
| Handling: | Advice on safe handling-avoid dusting conditions.
Advice on protection against fire and explosion-no smoking-dust explosive.
After handling, wash hands with soap and warm water. |

8. Exposure controls/ personal protection: Individual protection: Eye protection and protective gloves are recommended.
Other protective equipment: Under dusting conditions-wear breathing mask filter.

9. Physical and chemical properties: Appearance: Pellets
Color: Creamy light yellow
Odor: Typical pea

10. Stability and reactivity Product is stable under normal conditions.

11. Toxicological information: None toxic product.

12. Ecological information: Degradability: Easily eliminable.

13. Disposal considerations: Dispose of recovered materials per local, state and federal requirements.

14. Transport information: Non hazardous product for transport.

15. Regulatory information: Product is labeled according to EU regulations.

16. Other information: None.
